Tour description

The Walgau cycle tour along the River Ill is perfect for connoisseurs.

Two cycle paths lead through the Walgau from the Alpine town of Bludenz.

One route usually remains to the right of the Ill and leads through riparian forests and meadows in Ludesch, Thüringen, Bludesch, Schlins and Satteins to Frastanz.

The other one always stays near the left bank of the Ill and leads through the Tschalenga Au to Nenzing and through the Galina forest with its many quarry lakes to Frastanz.

The two routes between Nenzing and the ÖBB stop Schlins are briefly identical. At Frastanz the paths reunite and lead in a large arch through the Felsenau and finally along the main road through the Felsenaut gorge into the town of Feldkirch.
