Sale on site

At the Hummelhof there are original brown cows and calves in mother-bonded husbandry as well as 40 mohair goats. The hair of the goats is processed into ready-to-knit wool, hand-dyed and sold in the farm shop.

An unusual seminar room including overnight accommodation as well as guided tours of the farm and meadows and glass art round off the possibilities at the Hummelhof.

Goat's wool, milk soap and hay soap can be purchased on the farm.
