MUSEUM

📍 Flecken 17, 6731 Sonntag-Buchboden

Get an insight into the history and present of the Großes Walsertal.

The imposing semi-detached house in the heart of Sonntag is itself a piece of history. Over the centuries, the building has served as a residential house, cheese dairy, bakery, and inn. It has been a museum since 1981. What developments have occurred in the Großes Walsertal? What perspectives do people live with today in the Großes Walsertal? The contents of the Großes Walsertal Museum are dedicated to this interesting tension, starting from the settlement of the valley to the present day.
