Everything to do with alpacas: hikes, products and more!

Hiking through the beautiful alpine panorama of Vorarlberg in the company of alpacas: as a family outing, holiday activity or for special occasions. Alpaca trekking is both a hike and an animal experience.

Alpacas are incredibly fluffy and sweet, but also very gentle and sensitive. They will help you to forget the daily grind and find peace and tranquillity.

Enjoy time with your woolly companion and immerse yourself in the beautiful Vorarlberg countryside.

"Holzmichl's Alpakas" is open since August 2019 and will deal not only with the keeping of these wonderful animals but also with the trade of products made from the finest alpaca wool and alpaca trekking.

I look forward to welcoming you to my farm in Thüringerberg and to meeting everyone who is interested in these unique natural products - Michael
