Gasthaus Löwen in the middle of the biosphere park Großes Walsertal

In the middle of the Biosphere Park Großes Walsertal, you will find untouched landscapes and nature-oriented recreation opportunities. We primarily use regional products and have been a partner of the Biosphere Park since 2002.

Starting May 2025, the restaurant will be closed for à la carte guests. Larger groups of 10 or more and events with catering are always welcome. Inquiries can be made using our contact details.
